

CLERK: 33 ayes, 1 nay to raise the Call.

PRESIDENT: The Call is raised. Report the vote.

CLERK: 20 ayes, 26 nays.

PRESIDENT: Motion fails. Senator Savage, for what purpose do you arise?

SENATOR SAVAGE: Test the water. I move we adjourn. We've been called in here three times now.

PRESIDENT: You've heard the motion. It's not debatable. The question is adjournment until 9 in the morning. Record your vote. Have you all voted? Do you want to go under Call, Senator Savage? Record the vote.

CLERK: 7 ayes, 30 nays.

PRESIDENT: Record vote. Send it to Senator Savage.

CLERK: Next amendment, Mr. President, is offered by Senator George. (Read George amendment found on pages 957 and 958 of the Journal).

PRESIDENT: Senator Walter George.

SENATOR GEORGE: Thank you Mr. President. Ladies and gentlemen, I move for the adoption of the amendment. The amendment has been placed on your desks about an hour ago. I hope you didn't lose it. I'd like to give you a brief explanation for my reason of putting in this amendment. I have discussed it with Senator Reutzel and several other senators last week. The State Historical Society cooperates with the Game and Parks Commission for the operation of many of our parks. You can take the park at Ft. Robinson, or you can go all the way across Nebraska to Ft. Atkinson on the Missouri River. These parks are run in cooperation between both departments, the Game and Parks Commission and the State Historical Society. Unfortunately, the State Historical Society has tried to build a new structure in Lincoln for a number of years. We, as the Legislature, have made a commitment, several years ago. You might be reminded of that commitment sometime when you walk South of this building and see that empty, unimproved parking lot. Of course, a lot of people that park their cars there don't want the Historical Society to build anything there because of their convenience. Therefore, the Historical Society now has cooperated. If, by any chance, you have seen the beautiful model of the structure last week, it was standing here in the Rotunda. You will see that the structure is accompanied by a parking lot so that both parties would be satisfied. You also probably know that the Game and Parks Commission does have a rather beautiful, rather recent State Office Building. You probably also should know that the State Historical Society is the official keeper of the state archives. If you would like to look at the state archives some time I would invite you to go down to the Historical Society and look in the hallways. By now our archives are already piled up in the hallways. I wasn't in this Legislature when the building plans were approved, but obviously the building on our street is so hemmed in and impossible to expand, that we have absolutely no choice but to move the Historical Society Museum into
